

## Customer Messaging

When customers make a purchase, they will see their progress towards earning a reward immediately on the POS as well as on their receipt (printed or email). The reward description you enter when you created the reward is what they will see, so make sure you describe the value of the reward (for example \$5 Off or 10% Off)

When a customer signs for a credit card digitally on the POS they will see a message on screen with their progress.

Thank you for your business  
Jane Smith!

**3 more points for \$5.00 off!**

**Change Due: \$10.00**

Customers will also see a message on their printed or email receipt.

When they have earned a reward, any disclaimer defined for the reward will display as well.

Thank you for your business!
